

# BEEF - The All Rounder Pellet

We are proud to be a part of growing regional Western Australia and value your support.

**Patmore Feeds' Beef All Rounder Pellet** is a highly palatable 9mm pellet specifically designed to be fed to all classes of cattle including feedlot cattle, cows pre-calving, young bulls prior to sale, summer/autumn feeding and growing out heifers to joining weight.

As a 9mm pellet, Patmore Feeds' All Rounder is ideal for feeding through feeders in the paddock or Feedlot environment for targeted weight gains. This pellet contains rumen modifiers to aid in improved feed conversion and reduce the risk of acidosis.

If using in a feedlot it is recommended to feed good quality straw or hay ad-lib.

## TYPICAL ANALYSIS Dry Matter Basis

Nutrient	Level
Energy (Ruminant ME)	11.5 MJ ME/kg
